Supporting Evidence: It is alleged that Mr. Villalobos is in violation of his conditions of supervised release by consuming methamphetamine on or about March 27, 2024.

On March 27, 2024, Daniel Villalobos reported to the United States Probation Office for the purpose of random drug testing. He submitted to a urinalysis which returned presumptive positive for methamphetamine; he admitted use.

The U.S. Probation Office respectfully recommends the Court issue a summons requiring the offender appear to answer to the allegation(s) contained in this petition.
